Message from the Founder

*Living the time of the Pandemic,
Dear friends of Hope of Family,*

It is our pleasure to be with you again via our Monthly Newsletter and we hope that you are still in good condition despite the impacts of COVID 19 which of course have reached us all in various forms.

This time the world is facing the one enemy. COVID 19 which has affected our normal life. From Young to old we all think what will happen if COVID 19 stays longer. Our children are asking us when will we go back to school?

Elders are asking themselves how they will live the pandemic time if situation remains the same.

Here in Rwanda, a number of businesses have resumed and some families are living as good as before. Some others are still struggling to eat, to drink and to wear. With such struggle, the world will judge us based on how we gave our hands to those in need.

Recently, Hope of Family has been able to renovate houses for our beneficiaries after the disastrous rain which destroyed them in April.

Before the renovation work, Hope of Family of course had to find shelter for the affected families. After the hand over of the renovated houses to owners we realized that with this pandemic there is a need for an increased support to our beneficiaries.

We continue to advocate for those vulnerable families in rural area so that they can cope with this challenging moment.

Mpayimana Aimable.
Founder and Legal Representative

HOPE OF FAMILY HANDS OVER RENOVATED HOUSES TO FIVE BENEFICIARIES

Hope of Family has handed over five houses to owners after renovation works were completed, thanks to everyone who contributed to this important work.

Hope of Family decided to support the renovation of five beneficiaries' houses after being destroyed by heavy rain earlier this year. Since then the affected families were accommodated in lent houses whose owners were paid by Hope of Family for a temporal shelter for the beneficiaries.

Five houses for five families were renovated and the hands over took place on Tuesday, 14th July 2020

Hope of Family is a Non-Governmental Organization which operates in Muhanga District, in Shyogwe Sector which is located in the Southern Province of Rwanda.

The Organisation seeks to alleviate beneficiaries from extreme poverty and enabling their children to access education through sponsorship. The fund comes from benefactors who are committed to see changes in the living conditions among those beneficiaries

RWANDA: HOPE OF FAMILY PAYS HEALTH INSURANCE FEES FOR 3000 PEOPLE AT SHYOGWE SECTOR IN MUHANGA DISTRICT

DID YOU KNOW THAT HOPE OF FAMILY'S HEALTH INSURANCE SUPPORT REACHES 3000 PERSONS IN SHYOGWE SECTOR

Among them, 500 are HoF Beneficiaries

Hope of Family, a local Non-Governmental Organization that seeks to alleviate residents in Shyogwe Sector from extreme poverty has earlier this week paid Health Insurance fees for 3000 people in Muhanga District, Shyogwe sector.

The Health Insurance will cover the period of the year 2020/2021. According to Emmanuel MFATENEZA, Executive Director of Hope of Family, among persons who received the year 2020/2021 Health Insurance are 500 beneficiaries of Hope of Family while 2,500 persons were selected by local leaders based on their financial means.

Mfateneza urged those who benefited from this health Insurance scheme to use it efficiently by seeking timely medical services as soon as they feel sick. “Don’t wait your Health to get worsened, seek the medical services as soon as you start feeling abnormal. This will reduce devastating effects that are likely to happen if the medical service is sought late.” Mfateneza said

SHYOGWE: GOOD GOVERNANCE COMMISSION VISITS HOPE OF FAMILY

Members of the advisory commission on Good Governance in Shyogwe Sector of Muhanga District yesterday paid a courtesy call to Hope of Family, a Non-Governmental Organization which is working tirelessly to improve the living conditions of Shyogwe residents.

Visitors led by Uzamukunda Berthe, Head of the Commission and the coordinator of National Council of Women at the Sector level toured the Hope of Family coverage area to witness how the organization's activities are impacting the Socio-economic aspects among beneficiaries.

The visit is also part of the commission regular work where its members visit the sector's partners in development to assess their work and how are they having impacts on citizens.

Ms. Uzamukunda commended Hope of Family work not only for the contribution in the sector's development but also for the role being played in children's education.

She pledged that the Sector's advisory commission will continue to work closely with Hope of Family

TOGETHER WE GIVE HOPE TO NEEDY FAMILIES

Hope is an optimistic state of mind that is based on an expectation of positive outcomes with respect to events and circumstances in one's life or the world at large. As a verb, its definitions include: "expect with confidence" and "to cherish a desire with anticipation."
